

WAIZ ALI

FULL STACK WEB DEVELOPER

Full Stack Web Developer specializing in WordPress, Shopify, Next.js, Node.js, and TypeScript. Skilled in custom theme/plugin development, e-commerce, REST API integration, n8n automation, and AI-assisted vibe coding for fast, clean, and scalable solutions.

Work Experience

Senior Web & CMS Developer , Techcentera

Aug 2024 - Present

- 2+ years of experience as a **WordPress** Developer with strong command over custom **theme development**, custom plugin development, database management, and cPanel administration, building responsive websites.
- Worked on **Shopify** store setup and customization, with additional exposure to Wix and Web.com.
- Integrated third-party and custom **REST APIs** to connect WordPress with external systems and enhance site functionality.
- Built basic AI **automation** workflows using **n8n** to connect apps and APIs and streamline repetitive tasks.
- Built and shipped modern, responsive websites and web apps with Next.js, Node.js, TypeScript, and Tailwind CSS using AI-assisted vibe coding (Cursor AI, Claude, ChatGPT, Muse), rapidly prototyping, building, and debugging features while reviewing the generated code for quality.
- Built and managed **e-commerce websites** using WooCommerce and Shopify, handling product setup, payment gateway integration, and store customization.
- Skilled in creating and customizing premium themes for **Envato**.
- Managed ongoing website maintenance, performed **security** updates, and ensured overall website stability and performance.

WordPress Developer, Digitizal Solutions

April 2024 - Aug 2024

- Designed and developed custom WordPress themes and plugins, including e-commerce solutions, tailored to client needs.
- Optimized website performance, ensuring full responsiveness across all devices.
- Handled maintenance, security updates, and website stability.
